

# Sloan designer urinals and CX concealed flushometers

## Designer urinal

- Fully skirted trapway creates a smooth look and easy-to-clean surface
- Unique, continuous upward-pitched rim reduces splashing
- Available with SloanTec® Hydrophobic Glaze
- Urinal model # SU7419-STG

## CX flushometer - #1177419

- Industry's smallest front access wall panel, nearly 70% smaller than the industry standard.
- Manual or sensor
- Battery powered or hardwired
- 5 finish options
- CX8198-.05-GR-OR  
3400318

PRIVADA

- Choose from standard or variable height options to fit any design challenge
- Interlocking door and fascia panels with anodized aluminum edge eliminate sightlines. Occupancy indicators inform patrons when compartments are in use
- Recessed foot pedestals and flush head-rail support compartments, appearing suspended without compromising stability
- Self-closing doors provide a smooth, gradual closing speed of at least 4 seconds on standard doors and up to 10 seconds on ADA compartments

## Sloan Basis faucets and G2 sensor flushometer

### Basis faucets

- All serviceable components above deck
- Integral water supply shut off
- Single hole installation
- Faucet can be configured to add solar and/or LCD display
- LCD display of water temperature and scrub time

### G2 flushometer

- Automatically operates by means of an infrared sensor with multiple-focused, lobular sensing fields for high and low target detection
- User-friendly, three-second flush delay and Courtesy Flush® override button

# Sloan Basis faucets

- All serviceable components above deck
- Integral water supply shut off
- Single hole installation
- Faucet can be configured to add solar and/or LCD display
- LCD display of water temperature and scrub time

# Sloan Optima faucet and soap dispenser

## Optima faucet

- Commercial Grade, ADA Compliant, Electronic, Sensor-Activated, Brass Pedestal Hand Washing Faucet
- Adjustable Infrared Sensor Range
- Filtered Solenoid Valve with serviceable Strainer Filter

## Optima soap dispenser

- Touch-free operation improves hand-washing hygiene
- Modular one-piece construction with chrome-plated cast brass spout and black throat plate
- Available with hardwired or battery power

Water Connects Us™

## Sloan AER-DEC

- All four elements working together at arms-length (soap dispenser, faucet, hand dryer and basin)
- Saves space and allows for a cleaner design by moving soap and hand dryer to the deck
- All three deck units are touch-free to promote hygiene
- Its beauty is matched by its flexibility and efficiency
- Easy access below deck with stainless steel cabinet and swing-up door standard
- Model AD-82000

# Sloan AER-DEC sink system, CX flushometer and wall hung water closet

## AER-DEC

- All four elements working together at arms-length (soap dispenser, faucet, hand dryer and basin)
- Saves space and allows for a cleaner design by moving soap and hand dryer to the deck
- All three deck units are touch-free to promote hygiene

## CX flushometer

- Industry's smallest front access wall panel, nearly 70% smaller than the industry standard.
- Manual or sensor

## Wall hung water closet

- Designed to maximize and complement Sloan flushometers
- Meets ADA guidelines and ANSI A117.1 requirements when installed accordingly
- Available with SloanTec® Hydrophobic Glaze
- Model ST-2469-STG CODE 217-2469

## Sloan Hubbard Street Collection

- The Hubbard Street Collection balances sophisticated design with sustainable efficiency
- Simple geometric silhouettes and sharp lines enhanced by special finishes like our new Graphite (shown here)
- Angular
- Geometric shapes
- Contemporary
- Color contrasts
- Open surfaces

# Cubical Collection Accessories

Bobrick is recognized as an industry leader in well-designed, value-oriented restroom accessories and toilet partitions. Some of the world's most renowned companies and institutions rely on Bobrick solutions to reinforce their brand, reduce long-term operating costs and position their organizations for a successful future.

## Sloan special finishes

Sloan provides a variety of sink, faucet and flushometer finishes to give architects and designers the tools they need to create a room that matches their creative vision.

← Polished brass

Create the air of high-end style and transform your space with polished brass. This finish is luxurious, warm and will catch the eye of everyone who walks in the room. With a touch of gold, the polished brass finish will elevate the design in any environment.

The Bobrick logo is a blue, horizontally-oriented oval with a slight 3D effect. Inside the oval, the word "BOBRICK" is written in white, bold, sans-serif capital letters.

## Bobrick Klutch Mobile Device Holder

- Sleek, compact design “klutches” mobile devices for safety and fits with any décor
- Easy installation makes it suitable for toilet compartments, common spaces or private areas where storage is desired
- Integrated bag hook holds up to 300 lbs and can accommodate multiple items
- ADA-compliant with no grasping or twisting to use

- Available with SloanTec® Hydrophobic Glaze

# Bobrick partitions

**Interlocking Design:** Doors and stiles are manufactured with routed edges to provide an interlocking design that eliminates undesirable sightlines.

**Maximum Height Design & Hardware:** Maximum height partitions are typically 72-inches (1830mm) high doors and panels with 4-5/16-inches (110mm) floor clearance. (Custom height doors and panels are available to meet project needs.)

**Mounting Options:** Mounting Options: 72-inch (1830mm) high door and panel option is available in all four configurations: floor-to-ceiling, overhead-braced, floor-anchored and ceiling-hung.

# Bobrick Duraline Solid Phenolic 72" 30 Privacy Partitions 2082G.67P

- Durable phenolic solid-core construction
- Ultra-hard Graffiti-Off surfaces
- Scratch, dent, moisture and impact-resistant
- 3/4" Doors/stiles and 1/2" panels
- Concealed stainless steel hardware
- Class A (1180 Series) and Class B (1080 Series) ASTM E 84  
Interior Wall and Ceiling Finish Classification
- Wide selection of colors and patterns
- Emergency access doors
- Single panel width up to 72" creating deeper stalls

[Duraline spec](#)

## Evolve Series Cubical

Privacy isn't a fad- It's increasingly an expectation across a range of building types. Evolve Cubicles help design professionals create resilient, European -style cubicle systems without compromising project budgets.

Most cubicle dividers deeper than 60" require two panels with unattractive brackets to achieve the desired depth. FUNDERMAX Compact Grade Laminate provides a one-piece solution eliminating the need for extra hardware and offering greater stability. FUNDERMAX material also offers Class A ASTM E 84 Interior Wall Fire-Rating Finish classification at a Class B Fire-Rating classification price.

- Saves space and allows for a cleaner design by moving soap and hand dryer to the deck
- All three deck units are touch-free to promote hygiene

## Sloan AER-DEC and sensor flushometers

### AER-DEC

- All four elements working together at arms-length (soap dispenser, faucet, hand dryer and basin)
- Saves space and allows for a cleaner design by moving soap and hand dryer to the deck
- All three deck units are touch-free to promote hygiene

### Sensor flushometer

- Automatically operates by means of an infrared sensor with multiple-focused, lobular sensing fields for high and low target detection
- User-friendly, three-second flush delay and Courtesy Flush® override button

## Hadrian Emperor Corridor lockers

- The rigid construction and honeycomb silence zones in Emperor lockers make them the quietest lockers available. Busy corridors are loud enough without your lockers contributing to the noise
- The intelligent and unobtrusive frame venting design of Emperor lockers allows for a clean, attractive door surface that is unblemished by vents, which are common in other designs
- With a full length continuous hinge that always stays properly adjusted and a trouble-free single-point latch system, Emperor lockers are a maintenance dream

PRIVADA

- Choose from standard or variable height options to fit any design challenge
- Interlocking door and fascia panels with anodized aluminum edge eliminate sightlines. Occupancy indicators inform patrons when compartments are in use
- Recessed foot pedestals and flush head-rail support compartments, appearing suspended without compromising stability
